

BERGO TURF

The doormat with extra strength and toughness!

**Several colour combinations
Indoors and out • Easy to extend
Three standard sizes • Durable
Good drainage capability**

Usage areas

Bergo Flooring has developed a wide range of flooring products for different environments. Turf is specially developed for entrances and can be used both indoor and out.

Advantages

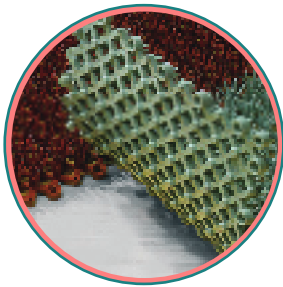

- Open structure
- Several colours and combinations
- Three standard sizes
- Easy to extend to preferred size
- Easy to keep clean
- Keeps the dirt away
- Withstands both extreme cold and hot climate
- Attractive design
- In- and outdoor

Durable

Turf has an open structure, which allows rain and dirt to fall through. This means that the mat will not easily break and corners will not easily bend, when it is exposed to temperature variations.

Easy to extend

One can easily put mats together to preferred size and colour combination.

Technical information

- Material: Environmentally friendly recyclable UV-stabilised polyethylene.
